Projects:

Spiffout *http://spiffout.com*   *[July2014-August 2015]*

The Project is a web based consumer engagement platform which connects consumers with businesses and provides consumer satisfaction analytics. In a team of 4 developers, I learned how to work on a large scale and develop generic, efficient and maintainable code. I made Graphical User Interface using HTML, CSS (LESS & Bootstrap), JS (Angular & jQuery).

Medical Assistant System *http://mp.pixelcount.net*   *[April 2014]*

The project is an undergraduate college project which gives the details of the doctors on the basis of symptoms. As a working under the guidance of my teacher I developed the project using HTML, CSS, JS (jQuery), and PHP & MySQL.

Pixelcount Creative Labs http://pixelcount.net   **[July 2013 – Till Present]**

A personal project and self-start-up to learn, deploy new technologies to get in web designing & Live Streaming. The project comprises a digital ocean droplet with responsive designed website, Databases, Mail server & GNU/Linux.

Rajasthan Live *http://rajasthan-live.com*   *[April 2013 – May 2013]*

A live webcast website for Drashty which comprises RTMP based live streaming. It was the first website of mine which taught me that how to put imaginations into reality. I used HTML, CSS, JS (jQuery) and gone through the study of various media servers.

Awards and Recognition:

- Topper of the class throughout schooling.
- Mozilla Firefox Student Ambassador.
- Presented a **seminar on "Concept of Live Streaming"** in Arya College of Engineering & IT, Jaipur, Focusing on working of live streaming and CDN (Content Delivery Network) including the history Such as HTTP & RTSP and Various CDN service provider.
- Co-ordinated an **event "Music-Mania" in national level technical festival "Shraddhanjali-2013"** held in Arya College of Engineering & IT.
- Got First prize n many sports and essay writing competitions at district level in school.

Interest:
Photography, Music, Novels, Badminton & Cricket.
